Manufacturer of nozzle, plug, pipe, nuts and gas stove.

About Us

Dashmesh metal works is established by my father mr. Sahib singh in 1981. Before it he gained personally experience of technical in different firms at Ludhiana. After start this firm he did very hard struggle for success for Dashmesh metal works and now Dashmesh metal works have name and fame in Ludhiana for quality purpose. Before three years ago we were manufacturing some forging parts of tractor parts, motor parts and auto parts and were second vendor of Eicher tractor, Royal Enfield, PTL, Swaraj, G.S. Auto International, Sonalika and many more. But due to some reason we changed our company profile and now we have name in parts of LPG gas stove pipe in Ludhiana and Delhi.
