Our organization is among the distinguished names in the market and engaged in the manufacturer, exporter & supplier of Cookware, Fans & Electrical Products. We offer a wide range of products to our customers.

## About Us

Established in the year **2006**, we, **Daspan Industries Ltd.** is successfully functioning as the manufacturer, exporter & supplier of Cookware, Fans & Electrical Products. Our product range is wide and interesting including Pressure Cookers, Iron Box & Ceiling Fans. All our products are extensively used and find wide and easy acceptance by clients. Their valuable feedback and suggestions play an important role in the growth of our organization. Customers can avail all our products in varied standard designs, colors, sizes, specifications and grades as well as in custom-designed form. We manufacture a large range of products of utility for the clients to choose from. The research and development team in house helps to imbibe new features into the products. Our quality assurance unit has earned us huge profits for following strict parameters of quality control and checking the raw materials procured from an authentic vendor base and finished goods extensively. We have a spacious warehouse for storing bulk orders conveniently and our packaging is effective in keeping the products free from dust, moisture and damages during transportation. Our team of professionals is our biggest asset owing to the unparalleled expertise in their respective forte and dedication. We have engineers, technicians, quality controllers, warehouse personnel, packaging personnel, transportation personnel and sales executives in our team, whose committed efforts have...
