About Us

Admittedly, an all pervading, unseen power prevails as a limitless resource of infinite possibilities and potentialities. Abundant satisfaction, inspiration, and strength to forge forth belong to them who succeed in harnessing this resource. Earnestness, honesty of purpose, purity and passion are the keys to such success. TFPL's (Tropilite Foods Private Limited) group founder and its guiding light Late Shri K. S. Davar never lost focus on the core of the resource and used as the canvas he began painting and perfecting his projects 50 years ago. The same spark kept igniting the minds of his progeny who made a mark in their destined disciplines.

Tropilite foods Pvt. Ltd. (formerly known as Davars MP Organics) was formed in 1982, by setting up an in-house R&D laboratory capable of analyzing and investigating properties of indigenously available hydrocolloids, low cost, high nutrition ingredients and other food elements and formulate specific action additives with the object of developing import substitutes of Carrageenans, locust bean gum, sodium alginate, PGA, gum tragacanth and also exploring newer, natural and thus far unexploited sources. All the products thus developed got tested & retested and approved by C.S.I.R. and other internationally accredited Laboratories and test houses before their launch for actual use by the industry.

Based on the consistent quality of our products and our unwavering focus on QC and R&D activity our products received best...
