About Us

DBS Projects, an end to end solution provider believes in strong customer relationship and satisfaction; envisions in fulfilling your dreams by providing quality service and solution in the field of engineering and construction.

DBS Projects is a Coimbatore based first generation entrepreneurial initiative seeded by the professionals turned entrepreneurs with the engineering academic credentials. DBS Projects involved in executing institutional, industrial, commercial and residential projects and are operating successfully for over a decade. Our footprints and the engineering presence are felt over the entire Tamilnadu.

We are committed to provide our clients the technical accuracy with rapid response time and can proudly say that we have earned our reputation by providing highly responsive, reliable service and architectural engineering support. And to top it all, we possess valuable experience which guides us in all our projects.

At DBS, we always welcome new talents who can help us constantly grow into a healthy and a stable company. Social concern has always been a part in our module of operation which generates hundreds of employment to skilled and semi-skilled mass. We act as a family and as a whole adhere to high quality craftsmanship with accuracy and punctuality plus we apply our sound business ethics in all our assignments
