About Us

We **Dcare** address the end-to-end IT infrastructure requirements of our clients by focusing on planning and building dedicated expertise and managing the relevant business relationship with global partners on the specific domain. Through this we ensure that our clients have access to latest technology products and solutions at competitive prices, backed up with world-class expertise and quality support services. Dcare offers the latest IT infrastructure products and services across a spectrum of industries. Our equipment is sourced from leading and cutting edge companies such as **3cx, Beronet, Askozia, Asterisk, Grandstream, Yealink** and more. Our clients are located across India, Singapore and Malaysia. Our distribution agreements with many of the companies above ensure that we can source high quality equipment with minimum lead time.

We are looking for queries for Hardware & Software Systems from **Tamil Nadu including Chennai, Madras, Coimbatore, Kanyakumari, Nilgiris, Tirupur, Vellore, etc.** So if you are looking for the latest EPBAX system or network connectivity solutions, we can get the equipment for you in the quickest possible time. If there's something specific that you are looking for and you are not able to find it on our website we request you to contact us, so that we can source it for you. Apart from this, we also provide IT support services such as **server management/desktop support, wireless networking, web...**
