About Us

Deewan Mines (P) Ltd. is successfully running in the mining business in **Rajasthan** since **2012**. We have our own mines in **Ajmer (Rajasthan)** and have a lot of stock of **Quartz Stone** and **Feldspar Stone** of good quality in our mines. We have increased our business in mines sector and established a new unit of ball mill in **Tonk (Rajasthan)** for grinding of stone and manufacturing of **Quartz Powder** and **Feldspar Powder**. Our main aim is only to provide good quality of material with high ethical standards and transparent business policies to our respected clients. We have carved a niche in the domestic as well as international market and backed up by a wide distribution network as well as spacious warehouse that enable us to ensure timely delivery of the products. Our client oriented approaches and reasonable prices provide us an additional edge over other competitors in the similar area and we can provide products in all ranges of meshes and microns.
