About Us

Our company was established in 1975 under the name of **M/S Delhi Trading Company**. This company was importing fresh fruits, dry fruits & dates from Afganistan/Pakistan. Afghan fresh fruits & dry fruits dominated the Indian dry fruit market during the period 1950 to 1980. Our company was one of the leading importers in the country during that period. Indian dry fruit market saw a revolution with the imports of American dry fruits in mid eighties. Earlier we used to supply goods to whole-sellers and semi whole-sellers and retailers in all over rajasthan. But slowly we also started supplying to sweet shops, restaurant and hotels. In 1985 we launched our premium brand **GOLD DRYFRUITS** in colourfully polysters pouches. On demand from market we started our II tier brand **BLUE DIAMOND** for small retailers in 250, 500 and 1000 gm. packets.
