Delux bearings stands for leadership in designing & manufacturing clutch release bearing, taper roller bearing & automotive bearing. We have 50 years of innovation & providing solution to leading oem's and their automotive customers.

## About Us

Founded in **1956**. Our late chairman - **Dilip Rathod's** vision has been to harness the latent intelligence and production facilities of the Delux Bearings to offer a wide array of bearings, and be a good source to OEMs and Automotive Tier Companies. The company widened its horizon on solid foundation on its customers and suppliers base. During the succeeding decades the group added a wide range of Automotive Bearings, Industrial Bearings and Textile Bearings such as Cylindrical Bearing, Clutch Release Bearing, Taper Roller Bearing, Ball Bearing, Race Bearing, King Pin Bearing, Needle Cage Bearing, Spherical Plain Bearing, Precision Bush Bearing, Steering Bearings, Idler & Tensioner Bearing, Fork Lift Bearing, Spherical Roller Bearing, Bottom Roller Bearing, Pulley Bearing, Self Aligning Ball Bearing. The key focus of Delux is product quality, customer delight and employee engagement. Today 42 bearings on an average go into every small vehicle and many more in larger trucks. There are in numerous new vehicles every year, each having a unique requirement.

Making bearings for the automobile industry therefore becomes an imagination of the future requirements bringing it into reality like an artist breathing life into his art and yet have the engineering precision in microns to get the best bearings suited for the vehicle. Our philosophy of “inspiring every movement” is symbolized by blending engineering science with...
