Whether you are seeking a complete smile makeover or a simple tooth extraction/pain relief or just want some information or second opinion, our friendly dentists are always ready to help.

About Us

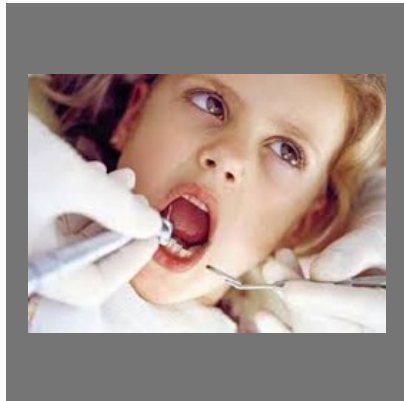

Whether you are seeking a complete smile makeover or a simple tooth extraction/pain relief or just want some information or second opinion, our friendly dentists are always ready to help. In addition to complete family general dentistry, advanced dental treatments like dental implants, metal free all ceramic veneers & crowns, precious metal crowns, flexible valplast dentures, dental sealants, root canal treatment under rubber-dental dam , gum treatment - bone grafting, tooth coloured braces, tooth coloured fillings - tooth bonding, inlay, onlay, tooth whitening, fluoride application, stainless steel crowns (pediatric), etc. are all carried out with effective and efficient Autoclave based sterilization. We also have in-house facilities for 'Computer Guided Dental Implantology' and please click here to know more about it. We also have advanced Dental Operating Microscope with magnification upto 25X for advanced diagnostics and restorative procedures including endodontics (root canal treatment). Please click here to know more about it. We have also included some before & after treatment pictures on our Photo Gallery page. We offer a complete range of 'evidence-based dentistry for the whole family with international standards at an affordable price. Our dental treatment charges are THE SAME FOR ALL PATIENTS irrespective of their national origin, sex, race, religion. For greater transparency, our dental treatment charges are also put up for...
