About Us

Design Point Lab was established in the year 2007. We are the leading Service Provider of Album Designing Services, Photography Services etc. we cover the event using one or more cameras. The unit is self-sufficient, that is to say that any accessories like light or microphones need to be supplemented. The event is covered using sony pd 170 one of the best of its kind. It also supports dv and dvcam. We have the latest hardware and software matroxrt x. Editing is done on premier and liner video editing.

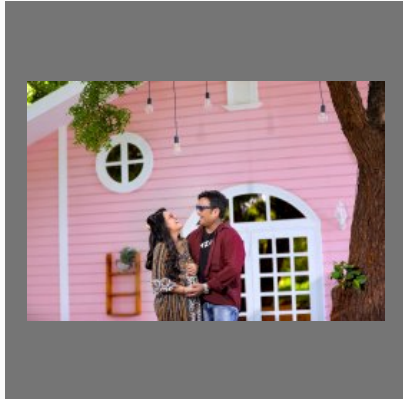

Our company is well known in the market for the wide range of services which we offer to the customers which are inclusive of a high quality of Wedding videography. Our services can be availed in colour, black & white or sepia engagement as per customer's requirements.
