About Us

Photography is an art, a culture, a passion and a profession. It is also something more than that. For photography, one requires an insight, an intuition an instinct and any eye for details. It does not come through reading books or just education. It is a process of development of potential in an individual. It is cultivation of experience & practice in the fields for endless hours.

TEAM MAADHYAM is just that. We believe in what we do. We understand what client needs, develop idea to cater to that particular need. We have well qualified team of professionals working for us, who think with open mind. Our service is a building lifetime relationship, relationship that is sensitive and touchy.

Perfection cannot be improved, but at Maadhyam our primary aim is to give something more than that.

MAADHYAM Photography is a group of professional based in Dehradun, Uttarakhand, devoted fully to Camera, Lenses and Photographic techniques. A team of well qualified and highly self-motivated personals continuously striving to improve skills in the Art and Science of photography, to serve our client's interest to the maximum. For us photography is a religion, a passion by heart and an opportunity to learn the different aspect of nature and mankind.

Be it wedding photograpy, kids photography or an event photography, for us every genery of photography is an art and we leave no stone unturned to make this art virtually BEAUTIFUL.

Although we are operating from...
