Dexters means “People who have quality” and is led by group of professionals who have experience and expertise in logistics/supply chain solution for many years.

## About Us

Dexters means “People who have quality” and is led by group of professionals who have experience and expertise in logistics/supply chain solution for many years. These group of people having high adherence to commitment and to grow in the business by providing what customer’s needs, not only as associate but also as consultant and partner to the patrons. For us our people are our asset who make things possible to provide the best in class services to our customers

The company got established and start formed on 20th July 2010 by Mr. Dinesh Singh. He had an 17 years experience in logistics, 3pl, warehousing and distribution. He had worked across the industry at various level apart from being placed almost every part of the country, his last assignment was with Safexpress as General Manager and National head (Automotive Division).

Dexters have been conceptualized on the challenge that Indian industry come across. Either it’s service industry or manufacturing all had been facing problem in distribution of their valuable in time. We at Dexters had strived hard to fill that gap and we had made it possible for our customers to reach anywhere and everywhere within their expected time lines with the live visibility and whereabouts of their consignment. We have become the first to declare ourselves as “GST READY” company by ensuring the right infrastructure at the right place and with wide network to support.
