Dhanlaxmi Tubes & Metal Industries

<https://www.indiamart.com/dhanlaxmitubesandmetalindustries/>

We, Dhanlaxmi Tubes and Metal Industries are one of the leading manufacturers of Copper Tubes, Coils & Copper Alloys used in different industrialized applications.

About Us

We, Dhanlaxmi Tubes and Metal Industries are one of the leading manufacturers of Copper Tubes, Coils & Copper Alloys used in different industrialized applications such as Air Conditioners, Refrigerators Heat Exchangers, Heating Elements, condensers, Electrical & Electronics components, Shot Water, Gas and Lines, Sanitation, Building Industries, Lugs & Terminals & plumbing as well since last 20 years. Our manufacturing products are well acknowledged in the domestic market for their premium quality standard, reliability, prompt delivery and competitive pricing. Our products are manufactured from extraordinary quality raw material. We make every effort to make first-rated quality products to give our customer total satisfaction. We are proud to have significant presence in the manufacturing and supplying of high Hot Extruded and Cold Drawn Copper Products which is in compliance with BS, IS & ASTM standards. We can supply as per necessary specifications of customers with minimum tolerances in OD and ID. Our Engineers have visited China and are in contact with one of the largest Chinese manufacturers. We are frequently importing and marketing their products in India mainly Copper Pancake Coil, Level Wounded Coil and Inner Grooved Coil which are manufactured as per international standards. These are especially for Induction Furnace.
