About Us

DHURI CLINICAL LAB is a leading anatomic pathology and hematopathology laboratory focused on quality, innovation, and client services.

Reading more than 150,000 cases a year, our pathologists have a broad range of experiences and abilities to approach diagnostic challenges. We consider it of paramount importance to deliver excellent customer service. With that in mind, our medical staff is available throughout the business day for consultation.

Employing state-of-the-art diagnostic technologies, DHURI CLINICAL LAB is dedicated to comprehensive, high-quality, rapid-response cancer testing and the integration of these technologies into patient care. We provide valuable information that is critical for the diagnosis, prognosis, treatment, and monitoring of cancer. This leads to confident treatment decisions by oncologists and a more efficient way to determine and employ drug therapies that make improved patient care possible.

DHURI CLINICAL LAB offers several connectivity solutions for client convenience and efficiency, including PATHways™ for Web-based access to results and AP Gateway™ for direct laboratory information system (LIS) interface. In addition, our suite of Virtual Lab products provides Web-based access to flow cytometry data, as well as immunohistochemistry (IHC) and other slide images for convenient, timely access to results.

DHURI CLINICAL LAB also provides consultative services and second opinions...
