Dia Friction Pvt. Ltd.

<https://www.indiamart.com/dia-friction/>

We are one of the most trusted manufacturers of Vitrified, Resin Bonded Diamond and CBN super abrasive Grinding, Cutting and Polishing Wheels. These wheels are durable, light weight and have fine cutting ability.

About Us

We, “**Dia Friction**” are one of the most reputed manufacturers of **Vitrified, Resin Bonded Diamond and CBN super abrasive Grinding, Cutting and Polishing Wheels**. These products are widely appreciated in the market for fine cutting ability and durability. Grinding wheels are mainly used for cutting different types of metal components. We also offer these wheels in different sizes and specifications, which meet the industry requirements. These wheels can also be customized as per the needs of the clients.

We have set up a joint venture with **Suzhou Saili Precision Tool Co. Ltd.**, which is the member of IADC. This company has immense expertise in research, development and manufacturing of Vitrified, resinoid and electroplated diamond and CBN wheels. For machining of ceramics, bearings, compressors, moulds and magnetic material, these products are used. Our alliance with this reputed company has enabled us to satisfy the customers to a great extent by the quality products.

Our mentor “**Mr. Shailesh Thumar**” is a man with immense experience in this domain. Being the director of this organization, he has advised us to carry our business practices on ethical grounds.
