## About Us

Established in 1997, diacriTech is a leading provider of book, journal and multimedia publishing services. diacriTech caters to K-12, college, STM and trade publishers spanning all continents. The company's primary objective is to use experienced publishing professionals, subject matter experts and technology to provide high quality services cost effectively while achieving quick turnarounds. With these goals in mind, and flawless execution of projects, its customers have helped diacriTech achieve a high annual growth. In turn, customers benefit from a significant savings in production costs, lower overheads, increased throughput, and the ability to meet peak demands while maximizing profits. diacriTech has production and project management facilities in the following locations: India: Chennai (HQ), Madurai, and Kottayam USA: Boston (MA), and Manchester (NH) Our production facilities work around the clock to ensure prompt responses to customer requirements.
