About Us

Digiquest Academy is an Animation, VFX, Film Making, Multimedia and Web Designing educational institution of Digiquest Studios, with over 10 years of experience. Mr. K. Basi Reddy the President of Association of Animation, VFX, Comics and Gaming Industry is the CMD of the Academy and the Studio.

The Academy gives practical training in Film Making, 3D & 2D Animation, Web designing, Visual Effects, Graphic designing, Gaming and Multimedia around the world. Many students have been successfully trained and got placed in well reputed companies.

The Institute provides various career oriented courses which leads to good job placements in Major Indian & international studios like Prime Focus, Ramoji Film City, Annapurna Studios, Poornima Studios, Gemini Labs, RACE, etc.

Apart from technical training & project work, the academy also conducts job placement workshops, industry visits, and seminars by well-known industry experts. The focus is on orienting students to develop creativity & provide personalized career counseling that helps ensure that they stay on track for a successful career, enhancing their employability and job-readiness.

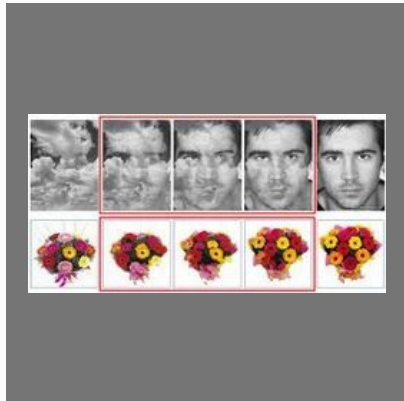

Digiquest Academy also conducts various competitive events like Creative Minds to develop the skills of the students. Students get an opportunity to showcase their skills & to interact with experienced professionals. As a result, they win prizes & awards in national & international competitions. This also helps our students to...
