About Us

Founded in 1991, at **DIGI-TeL Communications**, we are committed to deliver quality telecom products and services, which has gained the support and satisfaction of our customer. Being in the industry for past 20 years, we excel in technical competences, competitive price and outstanding after sales support.

In early years we started as reseller for L & T telecom products and through our commitment to our customer we became dealer for L & T product. Since L & T closed their telecom division we become reseller for Matrix products. In 1998 we became dealer for Matrix product. In 2002 we became a **Supply Point** for **Rest of Tamilnadu** (except Chennai and Pondicherry) and region By Matrix Telecom for their products. Now we handle more than 30 channel partners and more than 1000 satisfied customers and growing. As recognition to our commitment and dedication we became a **Supply Point** for **security products** by **Matrix Telecom**.

Being distributor for Matrix telecom and security products, **DIGI-TeL Communications** bring together the best solution so that it enables the decisive business proposal in communication field. We eliminate the boundaries that lie between the client and the quality services. We have well equipped and trained technical team for **Internal** and **on site support**. We strongly believe in delivering the premium quality...
