Offering restaurant consultancy, food consultancy, menu consultancy, restaurant management consultancy services etc.

About Us

Differentiation is the starting point when reviewing any restaurant business or restaurant concept, and it is the core component that will deliver success or failure. Dii Consentes provides a range of unique Restaurant Operational services and hospitality consulting products that combine to make client operations more exciting, and appealing to the customer. The most effective restaurant consulting is one that maximizes the growth of your restaurant business. Our experience in dealing with concept development, concept design business plans, and financial management is unsurpassable. Food, Design and 'What's Hot' is our passion, and our depth of experience as Innovative Food and Operations Consultants enable us to present restaurant solutions that increase frequency, and generate new revenue streams. In this challenging economy, new restaurant operating strategies to drive sales and manage escalating expenses become increasingly important. Dii Consentes has the financial, operations and culinary expertise to improve the performance of your company. Our restaurant consulting firm is always accessible and are always by your side for restaurant advice. We are a culinary driven, operations focused company that works with single unit operators as well as national chains. Our mission: help business owners maximize their financial performance through a combination of proven business strategies which include, Restaurant Tarun Kumar Lal A Business Management post graduate and...
