About Us

M/s. Dinesh Enterprises, An ISO9001:2000 Certified manufacturers of High pressure hoses and assemblies, established in the year 2004, is a proprietary concern run by **Mr. Mahesh Suvarna** who is the Proprietor assisted by technically qualified and well experienced assistants who are experts in the line of manufacturing of high Pressure hoses.

The factory is situated in delisle road area of lower parel, mumbai which is having all the infrastructures like transportation, electricity, proximity to the business places in and around mumbai.

Our products are manufactured from indigenously available raw materials as well as some components are imported which we procure locally from the agents/representatives of the overseas manufacturers.

The factory is equipped with all the machineries and testing equipments suitable for the manufacturing and testing of high pressure hoses and assemblies as per the relevant standards and as per the specific requirements of the customer. We cater to the requirements of well known and pioneer leaders of the industry a list of which is enclosed.
