We are a leading firm engaged in manufacturing and exporting a wide range of industrial plastic pipes, ducts and coils. In order to gratify the varying needs of our clients, we offer these products in various specifications.

About Us

Established in the year 2000, we, "Dinesh Irrigation Private Limited", are an ISO 9001:2000 certified company engaged in manufacturing and supplying a quality range of Industrial Pipes. In order to gratify the ever increasing demands of our customers and fulfillment of our business objectives, we toil hard to offer a range with in compliance with all the industrial norms. Furthermore, we provide these pipes in diverse national and international sizes and shapes. Therefore, our products have become synonymous with durability, dimensional accuracy and high tensile strength. Before the final delivery, our quality controllers ensure to execute several tests on these pipes, so that we can deliver flawless range. In achievement of this goal, the pivotal role has been played by our assiduous professionals and modern infrastructure. Apart from this, we have uncompromising and dedicated team of professionals, who have managed to attain our firm an international reputе. Under the able auspices of our mentor, "Mr. Yogendra Bhati", we have been able to carve a special niche in the highly competitive market. His in-depth knowledge and passion for his work, is well echoed in our large product line.
