About Us

Dipak Automobiles was established in the year 2008. We are the trader, supplier of all kind of hydra crane , transist mixture , forklift , tractors and their spares parts. Ergonomically engineered at our vendors end, these products are extensively recommended by clients owing to high functional efficiency, rugged design and high load bearing capacity. Our offered products provide firm grip to the users and ensure long lasting performance. Besides, these are available in various models.

Our offered products are widely used for lifting of various items in different industries. These are highly reckoned among our clients due to their superior quality, high durability and long functional life. Our offered products have high lifting capacity and the capacity can be modified as per the customer's requirements.
