About Us

Established in the year **2011**, **Dispatch Packaging Solutions** is reckoned as a leading manufacturer, supplier and trader of **Industrial Packaging Materials**. Our expertise lies in providing **complete paper honeycomb solutions**. We manufacture **paper honeycomb core and boards**. These products are made under the guidance of skilled professionals using best quality raw material and latest technology in adherence with national quality standards. We have a long list of credible and trustworthy vendors to whom we procure this raw material. Our offered range of packaging material is appreciated for their perfect finish, eco-friendliness, strength, attractive design and durability. The offered range is available in different specifications in order to meet the needs of our valued clients. Our esteemed clients can avail these products as per their exact requirements through our customization options. Owing to their high quality standards and durability, these products are widely used in various industries such as electrical, electronics, automotive, chemical and consumer goods. We are committed to provide world-class products at highly economical prices. We generally offer complete support for packaging solutions to our customers. We have to our credit some prestigious & intricate jobs successfully by us.

Located at **Pune, Maharashtra**, we have constructed a state-of-the-art...
