About Us

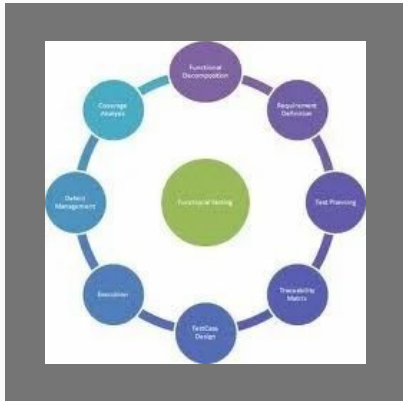

Doshaheen crew brings along profound experience in offshore software development and testing services for more than a decade. We have let the market demand evolve our services for the better, what has never changed is our focus on grander quality both the end and the means to the end. Having rich domain experience in Health Care, Life Science, Retail, Finance, Logistics and Education Industry, we thrive to be your best competitive partner with top quality and cost. Towards our customers we have a collective sense of urgency, responsibility, responsiveness and commitment. The journey we embarked upon is based on the importance of Core Technology, high level of Quality with collective Accountability and Ownership. This has helped us keep our focus on tomorrow's innovation on Information Technology. Our aim is to provide holistic solutions where any inefficiency in the system can be weeded out with appropriate technology. We have an unwavering faith in our value system the 5 Cs (Commitment, Customer, Cost, Crew and Celebration) which we sincerely abide by.
