About Us

Doshi Softwares was established in 1995 with a vision to develop innovative software products that would help in automating various processes of day to day business with an intuitive and easy to use interface. Quality, Innovation, Speed, Reliability and Flexibility have been the framework for our entire range of products.

The ability to customize the products so that they can be tailored to fit the exact requirements of the clients was a dream and a major target to have been achieved by the Expert Team.

The ongoing support of our highly valued clients has been instrumental to the successful launch of a large range of softwares in a short period of time.
