We are one of the prominent organizations engaged in providing excellent plastic and laser surgery services. All our services are widely appreciated by the clients due to their reliability, cost-effectiveness and customization.

About Us

We, “**Dr. Anil K. Garg**”, are one of the leading organizations engaged in providing admirable **Plastic and Laser Surgery**. Generally, we provide **Microvasecular, Cosmetic Surgery, Laser Surgery, Plastic & Reconstrotiv** and **Hair Transplantation**. We use latest technology and instruments & tools during giving the treatment for different types of diseases. Apart from this, we provide photo rejuvenation for making our clients beautiful and young. We have a state-of-the-art centre, which helps us in uplifting the beauty of our customers by treating with **Laser Surgery**. It also helps in eliminating ugly scar marks, hypertrophic scars and keloids as per patients' needs. We consider the problems of clients more important than any other work and for this, we provide them the most suitable and ideal ways to increase their beauty. Our efficient team of doctors works hard for curing the diseases that affect the daily life of our patients. To refresh the mind, heart and soul, we have established a peaceful hall at our premises, in which we arrange yoga, prayanam and other activities for providing a proper relieve from every day wear and tear caused by stress, tension and trauma. Apart from this, we organize different rejuvenation camps under the guidance of well-learned and trained yoga guru to reach out the patients in every possible manner.
