DR Enterprises is the sister concern of DR GROUPS, which is all-inclusive, design to build solutions for Pre-Engineered Structures. Our design solutions not only make the project, time and cost efficient.

About Us

DR Enterprises is the sister concern of DR GROUPS, which is all-inclusive, design to build solutions for Pre-Engineered Structures. Our design solutions not only make the project, time and cost efficient, they also ensure that the structures provide a life service.

Whether it is portable housing or pre-engineered warehouses, DR Enterprises assures quality and also provides a high degree of customization on each project. Airavat constantly endeavors to provide innovative solutions for the infrastructure industry and has therefore widened its service portfolio to include Telecom and transmission Towers.
