## About Us

Homoeopathy is well known science for its great significance of treating diseases permanently by annihilating root cause of it. It has holistic approach means Homeopath studies all the aspects of individual personality of patient regarding his mental, emotional and intellectual state since birth, life situations and his/her reactions, which have caused deviation in health if any; his occupation, family environment and social relations, his physical complaints; his personal and family history of illnesses to understand hereditary influence and pattern. By studying all this we select a remedy, which is called as constitutional medicine and it has ability to achieve the sole motive of Homoeopathy i.e. permanent cure of disease and restoration of mind and health. As this system is based on individuality so cure may varies from person to person though suffering from same disease that's why meticulous case taking and physician's artistic skill has very important role in selecting a right constitutional remedy and hence the results. The long-term benefit of Homoeopathy to the patient is that it not only alleviates the presenting symptoms but it reestablishes internal order at the deepest levels and thereby provides a lasting cure. We have experience of treating patients since 2003 by Standard Homoeopathic method through Dr Thakur's Homoeopathy. We are specialized in treating Autoimmune Disorders and also we have developed certain skills to treat following...
