## About Us

**D. S. Veshala Engineering Enterprises** got established as a **Private Limited Company** in the year **1991**. The organization is operating its entire business activities from **Kukatpally, Hyderabad Andhra Pradesh**. We are serving huge number of clients in market with our excellent products and services, which have been very successful in winning the faith of huge clientele in market. The organization has engaged itself into **manufacturing and supplying of Mining and Construction Equipment, Sub Assemblies, Industrial Slurry Pumps Components, Sub Assemblers and Crusher and Screen Parts** and many more. The firm feels proud in mentioning about its **ISO 9001:2008 certifications**, which is a big feather in our cap. Two decades of efficient business in market is a huge proof of our commitment towards clients. **Great success** is always achieved with hard work and proper guidance. We are very happy to have **Mr. Mr.Dhanunjaya** as our **(MD)**. His excellent domain knowledge has helped us to attain a glorious success of which we are very proud. He makes great use of his garnered experience in the field over the years and we are able to accomplish varied tasks within stipulated time. The whole organization thanks him for his excellent support and we wish to attain greater scales of success under his kind guidance. Our business tasks are varied and we have huge team to support the same. Our professionals...
