About Us

Established in the year, 2010, “Duksha Statclean Solution”, is a partnership firm engaged in Manufacturing, Supplying and Importing-Exporting of Antistatic Products, ESD Equipments, Industrial Brushes etc. The products offered by us are known for their compliance with various norms and economical operations. Our optimal quality range of products is a result of constant research and development. A sound infrastructure managed by highly qualified professionals allows us to provide our clients with improved quality products. Our professionals make sure that strict quality checks are conducted over the entire range, so that a flawless result is dispatched at client’s end. Further, we also provide customized packaging of the products to ensure their safety during transit. Our Mentor encouraged us to conduct our business proceedings in an ethical manner. Owing to his experience and motivation, we have achieved a remarkable position in the markets of Indian Subcontinent, East/Middle Africa, North Africa, South/West Africa and Middle East. The products offered by us are known for the features like: • Optimum strength • Corrosion resistance • No risk of contamination • High performance • User friendliness • Longer service life • Trouble free installation
