

Durga Metal

<https://www.indiamart.com/durga-metal/>

We are engaged in manufacturing, supplying and exporting a wide range of a variety of Aluminum Ladders, Aluminum Cloth Drying Racks. These products are offered after making them pass through stringent quality tests.

About Us

Durga Metals, established in the year 2010, is a prominent manufacturer, supplier and exporter of **Aluminium Products**. The range being offered includes **Aluminium Self Supporting Ladder, Aluminium Trestle Ladder, Aluminium Tube Step, Aluminium Wheel Mounted Platform Ladder, Aluminium Double Extension Ladder, Aluminium Extension Ladder, Aluminium Trolley Step Ladder, Aluminium Fancy Ladder** and more. Having our existence across the country, we have been able to create a large number of products with consistency. Our products are tested for quality on varied parameters set by the industry to make them meet international standards. Our products being reliable are appreciated by the clients and accepted all over the nation with an ease. Welding of the ladders and there designing is done as per the welding standards specified by the international norms and conditions. A thick walled aluminium tube of **grade 6060** is used for welding all these products. In making all these things happen, we are assisted by a team of experts, who engineer, design and manufacture these products. The team being committed towards the company plays a major role in its building. These people are responsible for their work and work in coordination to achieve the industrial goals of the company. To make the ladders long lasting, the team reinforces quality materials that are selected with complete care in making of the check plates of a platform to the smallest...
