Manufacturers and exporters of ptfe coated fiberglass products, cloths, tapes, one side silicon adhesive tapes and belts.

About Us

Krishna Enterprise is one of the leading **manufacturers and exporters** of **PTFE (Teflon) Coated Fibreglass Products, Cloths, Tapes, One Side Silicon Adhesive Tapes and Belts**. The company was established in 2004 and since then, we have been dealing in excellent quality products that have greater applicability and are up to the satisfaction of the customers. We offer a comprehensive range of advanced performance belts having all the in-built properties of basic material, PTFE and Fibreglass. The superior characteristics of our belts result in increased productivity, longer life and lower operating cost. PTFE coated products are available in wide range of grades and qualities, depending on the required need of the customer.
