About Us

Earth & Environment? was established with the exclusive ambition of providing mining services to the mining industries at a genuine price. We are effectively addressing geological, geophysical, environmental, mining & exploration requirements. Today, we are among the most organized consultancy houses in Orissa. Earth & Environment committed to provide mining consultancy work of very high quality. The work force includes a group of skilled and experienced personnel to meet all the challenges of mining & other industry sector.

Technologically, we are very much adaptive. We accept and implement the most advanced innovations in the field of mineral exploration in our every day pursuits. At Office we have experienced hands taking care of GIS, Image Processing and Remote Sensing. Our field crew employs GPS, Magnetic Susceptibility Meters, HDVs, SLRs and Laptops for the most sophisticated output, whenever the client needs so. The result goes directly to the client through specialized services and exclusive outputs.
