

Eco Essentials

<https://www.indiamart.com/eco-essentials/>

we are in to Areca plate production. We are interested in exporting Areca leaf plate. These are very good substitutes for Restaurant, function and party plates as it is cheaper than traditional plastic and paper plates.

About Us

We at **Eco Essentials** are determined to save the environment from unwanted use of plastics and other hazardous substances used in our everyday life. We want to substitute those substances with greener, natural substances, which are bio-degradable and self sustaining!
