About Us

Ecorex Buildtech Private Limited Company is leading OEM Manufacturer of AAC Block. These blocks are highly appreciated for its high strength and dimensional accuracy. Designed with accuracy, we ensure longer service life of these products. These blocks are made as per the set values and are offered in different dimensions. Buyer can avail these valves as per their requirements.

The main benefit of this paver block is that one block if got damaged can be replaced. We provide wide and exclusive range of products to our clients. Our products are highly demanded in the industry for their superior quality and precision finish.
