## About Us

Editfx studios is a digital cinema company based in kolkata, india blending emerging technologies with breakthrough creative talent to deliver advanced media solutions in a revolutionary time of change.

Change is what we embrace. As an early adopter and innovator, our constant in-house research and development gives us the unique ability to leverage the best technologies through every stage of the process, from point of capture, to point of view, to point of delivery.

Actively partnering with leading hardware and software vendors, editfx studios is tapped both by major studios and independent producers to tackle the most challenging projects on red, arri, sony, hd and sd.

Editfx studios is a leader in providing red epic & dragon 6k cameras, technical support, workflow, and post-production services since red first released cameras in india. Our commitment to moving ahead of trends in the industry is highlighted by our latest red dragon cameras and baselight grading suite. We will keep on providing cutting-edge 6k, ultra hd and 3d camera equipment and support, latest grading technology, industry standard vfx job, technicians, and stereoscopic post. A one-stop shop for shooting equipments, editing suites, colour grading, visual Fx & audio solution.

Editfx studios has been serving feature film, commercial, advertising, television since 2004.
