About Us

We are a niche Private Wealth Management and Investment Advisory firm dealing with High Networth Clients, NRI's and Institutions of repute. What differentiates us from others is our market insight, unquestionable integrity and personal touch. We would like to be known not by our size but by the quality of work and the type of relationship that we build. For us, the relationship with a client is never transaction oriented but a continuous journey.

Our clients include Industrialists, full time sophisticated investors, Diamond Merchants and top end professionals based in India and abroad. We have made a niche amongst top end corporate executives as they are comfortable dealing with professionals like us. We understand their busy schedules and deliver a complete holistic service.
