<https://www.indiamart.com/electone-enterprises/>

We are a leading manufacturer of the machines used for mattress manufacturing and rebonded foam sheets for past 30 years. Our mission is to deliver superior products to clients' through best-in-class industry raw material and domain expertise.

About Us

Electone Enterprises is the leading supplier of Tape Edge machines and other mattress machinery solutions for the mattress industry. For the past 30 years we are building innovative solutions for the mattress industry. Our extensive range of mattress machines meet the demands of all businesses from small to global mattress producers any where in the world. Our offered products are known for durability, excellent performance, low maintenance, utmost quality, etc. Our Tape Edge Machines, Coir Mattress Machinery, Rebonded Foam Machinery are manufacturing finished products with high efficiency in different parts of the world.

We provide excellent after sales service with a sophisticated manufacturing facility that enables us to manufacture our products as per the latest technological advancements. In order to serve our customers according to their detailed requirements, we have a team of specialized professionals who hold expertise in their concerned field.

Over the years as demanded by the manufacturers we have moved our expertise from Coir Mattress Plants to Tape Edge Machines. Currently our range of mattress tape edge machines are designed to meet all budgets and mattress products. We have managed to deliver over 200 Tape Edge machines through out the world. Our range of machines use standard and branded parts that come with long warranty.

Our expertise in the domain has helped us to provide maintenance and repair services to the mattress...
