About Us

CAD-CENTRIC is an Engineering Tech-Center of Electronica Group. Electronica, for the past 34 years, has always been at the fore front of design engineering. Through CAD-CENTRIC, we now make this expertise available to manufacturing industries all over the world. CAD-CENTRIC has strengthened Electronica's market leadership as a complete Tool Room Resource Company. CAD-CENTRIC also provides custom made automation solutions for enhanced & precise production. CAD-CENTRIC is a team of 22 domain expert engineers. We capitalize on our strengths by embracing a simple value "Be2Do" - Be available, Be accountable & Do better than yesterday.
