Eltek Systems is a rapidly growing Engineering & Instrumentation company. We offer measurement solutions to test physical parameters such as Strain, Force, Torque, Pressure, Load, Vibration, Displacement, etc.

About Us

Eltek Systems is a rapidly growing Engineering & Instrumentation company. We offer measurement solutions to test physical parameters such as Strain, Force, Torque, Pressure, Load, Vibration, Displacement, etc.

Our list of satisfied customers includes leading Automotive manufacturers, Aerospace industries, Engineering companies, Educational institutes, Project consultants, Test system manufacturers, DRDO Labs, Space & Atomic research centers.

Our qualified and experienced team will assist you to select most suitable measurement chain for your application. We also install, commission and support complete system offered by us.
