About Us

Engineers India Ltd (EIL) is one of the leading design and engineering organizations in South Asia. Established in 1965, EIL provides engineering consultancy and EPC services principally focused on the oil & gas and petrochemical industries. The Company has also diversified into sectors like infrastructure, water and waste management, solar & nuclear power and fertilizers to leverage its strong technical competencies and track record.

Today, EIL is a 'Total Solution' engineering consultancy company providing design, engineering, procurement, construction and integrated project management services from 'Concept to Commissioning' with highest quality and safety standards. It also provides specialist services such as heat and mass transfer equipment design, environmental engineering, specialist materials and maintenance and plant operations and safety services.

With corporate office in New Delhi, EIL also operates from its four regional engineering offices in Mumbai, Kolkata, Chennai and Vadodara and has inspection offices at all major manufacturing locations of the country. The company's overseas presence is marked by an engineering office in Abu Dhabi, which caters to the business needs in UAE/Middle-East region. Additionally, there are offices in London, Milan and Shanghai to coordinate the activities of international procurement and marketing.

EIL's technological excellence is driven by 2950 engineers in a competent employee base of over...
