About Us

In a decade and a half, we have emerged as Mumbai's largest unisex salon chain with branches in Ahmedabad, Bangalore and Pune. In the last year we doubled our number of salons and increased our employee count by even more. In our industry, we are known for our focus on training, customer focus, service consistency and quality standards. Our first salon was set up in 1997 as a venture among friends who had no background in the industry. This created respect and partnership with technicians on the floor, and made the management focus intensely building a sense of entrepreneurship and scale. Partnerships with L'Oreal, Remy Laure, Agelock, and Christian Valmy have also contributed immensely.
