<https://www.indiamart.com/essemelectricals-com-949587/>

We are one of the leading manufacturers and suppliers of a wide range of Electrical Products. Due to their durability, dimensional accuracy, resistance to corrosion and seamless finish, these electrical products offered by us are highly demanded.

## About Us

Appreciated among our patrons for manufacturing and supplying a wide range of world-class Electrical Products, **Ess Em Electricals** was set up at Mohan Nagar, Ghaziabad in the year **2004**. The product range offered by us consists of MCB Box, MCB Enclosures and MCCB Box. Offered by us, electrical products are precisely designed from high quality stainless other basic materials that are sourced from authorized vendors. By using revolutionary machinery, our workforce design these electrical products in falling in line with the industry set norms. In fulfillment of the specifications provided by the patrons, these electrical products can be custom designed. Due to their optimal tensile strength, robust design and resistance to corrosion, these electrical products are highly demanded. In addition to this, our product range is highly demanded in various Hotels, Planetariums, Auditoriums, Hospitals and Resorts.

For attaining a remarkable position in this domain, we had strictly followed various ethical business practices, transparent transaction policies and customer centric approaches. In addition to this, our ability to meet the bulk orders has helped us in winning the trust of our valuable patrons in the most efficient manner. We at Ess Em Electricals, ensure that the quality of the offered electrical products is never compromised. Moreover, we have established a well-connected distribution network, for timely delivery of the offered electrical products.
