About Us

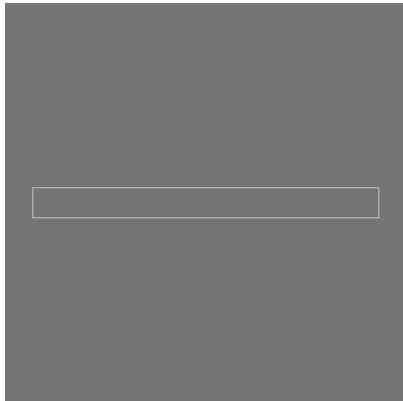

ESSMA PACK INTERNATIONAL was established in the year 1980, the company was originally specialized in the field of plastic bags (with Flexographic & Roto gravure printing) and paper bags (with Offset & Flexographic printing) to cater the ever-growing needs of the domestic and international market. At Essma pack everything we do is designed to make our customer more productive from the smallest offices to the global corporations. We are helping people to recognize the power of shopping bags and providing solutions to make it work harder. We are talking about range of plastic shopping bags and paper shopping bags, exceptional quality of international standards. Our many years of experience of working with plastic and paper bags with constant production controls and meticulousness of our specialist technicians ensure the delivery of high quality products. Over the last couple of years, the dedication and commitment of the partners and workforce enabled the organization to extend its activities in other industrial sectors like Metallised Polyester Film / Specialized Coated Films /Stamping Foil /Window Metallised Films / Wide Web Holographic Films / Holographic Paper / and Hologram Sticker. Thanks to the extremely dynamic dedicated internal management team supported by highly flexible production system, the **ESSMA PACK INTERNATIONAL** has been able to meet all challenges of the industry. The company has emerged as one of the very few companies who could meet...
