About Us

Allow me to introduce our company to you **Ensure Innovations Pvt. Ltd** is a company formed by a **group of professionals having rich** experience in commercial refrigeration and food service venture in India. We adhere to the market demand, make use of the technological progress as the driving force, listen widely to opinions of all customers and research ambient temperature, voltage, energy saving etc from different areas which are the key factors to design and produce chest freezers/Chillers, Water Bottle dispensers, Vertical Chillers/freezers, water coolers etc. under the brand name of Euronova. Our products are designed well suited to operate in all seasons. All the products deliver better performance due to highly energy efficient compressors and better condensing capacity. In-house design set up for matching, balancing and installation of refrigeration equipment. Team Euronova is committed to providing latest new edge cooling solutions that not only satisfy customer needs but also add value to the equipment investment by reducing costs, improving productivity, ensuring reliability and emphasizing food Safety.**Ensure Innovations Pvt. Ltd.** has its Offices in Delhi, Baroda, and Mumbai and delicately working in Frozen, Dairy Industry & caters to Retail segments through our more than 150 Sales and Service channel partners across the Country. May we request you to allow us an opportunity to serve your food chain as a single window for all your refrigeration needs!
