

Event Security System

<https://www.indiamart.com/eventsecuritysystem/>

We are one of the distinguished manufacturers and traders of electronic security, surveillance and monitoring products like CCTV Cameras, Security Locks, RFID Time Attendance System, HD DVR Security System etc.

About Us

Established in the year **2000**, we, **Event Security System**, are one of the distinguished **Manufacturers and Traders** of electronic security, surveillance, communication interception & monitoring products like **CCTV Cameras, Security Locks, RFID Time Attendance System, HD DVR Security System etc.** The products, we offer, are manufactured by using finest quality raw material, which is sourced from authentic vendors of the market. Our products cater to the needs of several sectors such as corporate, defence, commercial establishments, police, institutions and various government departments.

With the assistance of our sophisticated manufacturing facility, and diligent workforce, we have been able to provide customised products to our clients. We also follow a strict quality management system, which enables us to dispatch flawless product line at the client's destination. Due to our client centric working philosophy, and quality products, we have built a long term relationship with our widespread client base. Moreover, we also provide repairing, maintenance and installation service of our products.

Moreover, our honest dealings, moral business policy, nominal price structure, large business network have aided us in maintaining a prominent position in the industry. Apart from this, we work under the leadership of our mentor **"Mr. Arman"**. Under his leadership, we are climbing...
