## About Us

Excess Computer Education Founded in April 1995, is a Premier Institute Committed to imparting quality computer education to people from all walks of life through a wide spectrum of Courses. The students are encouraged to spend maximum, amount of time on the computer 6 days a week with total practical timing. This hands on approach to training goes a long way in the building up confidence and preparing the studies for the real job situation. The institute furthers this approach by giving student real time assignments and projects. This along with a dedicated well trained faculty and friendly teaching atmosphere make learning at Excess Computer Education a memorable experience indeed.
