Artem Health Tech Pvt. Ltd. (formerly, Express Diagnostics Pvt. Ltd.) is a medical IT Company based in Ahmedabad, Gujarat and having presence with 700+ affiliation in India, East and Africa. We have been touching lives since 2010.

About Us

Our journey started with ECG @ Home services in Ahmedabad and from then on we have evolved into a full-fledged Healthcare solution provider. Our Team has 30+ years of experience in providing Healthcare and Medical IT services. A team of highly skilled professionals having domain knowledge of Medical, Information & Communication Technology (ICT) and Bio-medical Engineering manages the company's products and services with their vast experience in their respective fields. Our Mission To bridge the gap between healthcare provider and healthcare seeker through technology and make healthcare available, accessible and affordable for all. Our Vision To lead the change in healthcare technology through our constantly evolving high quality, hi-tech products and services.

OUR HEALTHCARE PLATFORM MedicoDB is a Health Information Exchange platform bringing the Specialists, Physicians, Para-Medical staff, Nurses and Patients together with a seamless exchange of Medical Data and Specialist advice needed amongst the group for an instant and better Health Care. Its modular architecture allows to facilitate entire patient journey in a Hospital, a Clinic, a Nursing Home or a Diagnostic Centre as well as it can integrate multiple types of healthcare providers to establish an integrated healthcare ecosystem. MedicoDB has been created keeping in mind the National Digital Health Blueprint (NDHB) prescribed under Ayushman Bharat Digital Mission (ABDM). As on January 2023, we...
