About Us

FRANKE FABER is India's leading kitchen appliances manufacturer with Italian origin and has been a household name for the past 20 years. With its headquarter and plant in Pune, and India being an important market, the plant will use futuristically designed state-of- the art equipment.

Commitment, solidity, dedication and dynamism have always characterised the Faber Group, making it into an industrial reality occupying a key position in production and technology globally. The group is the first in its sector in Italy, where one out of every two range hoods is Faber, and is present globally with its own brand and leading local brands such as Roblin in France, Mepamsa in Spain and Spar in Argentina. Headquartered in Fabriano, Italy, Faber, the worldwide leader in kitchen hoods, was incepted in 1955. Since then, we have been imagining, designing and manufacturing products that turn the kitchen from just a space to an enjoyable experience for you. Faber has been the innovation driver in kitchen technologies the world over and now has a turnover of €220 million. Add to it, the talented global team responsible for inventing and patenting unique and user-friendly technologies, it comes as no surprise that in certain parts of Europe, one hood out of two is a Faber hood. The company's dedication and determination to achieve its goals have allowed it to grow from a local business to a European and global enterprise; thanks to acquisition of a...
