Rotodyne Fluid Technic

https://www.indiamart.com/farhydraulic/

We are a manufacturer and supplier of hydraulic motors, hydraulic rotary actuators and hydraulic rotary joints/valves. These industrial products are known for their reliability, robust construction, low maintenance and competitive prices.
About Us

Established in the year 1994, we, “Far Hydraulics”, have carved a niche for ourselves in the industry. Furthermore, we manufacture and supply a variant range of hydraulic motors, hydraulic rotary actuators and hydraulic rotary joints/valves. We also offer after sales assistance to our customers, which mainly focus at providing operational training and user manual. All these products are manufactured using superior grade of raw material procured from reliable vendors in the market. Apart from this, these products are widely used in different industrial applications like honing head drives, feed screw drives in machines tools and process automation. Our product range is highly durable, reliable, maintenance free, economical and can be customized to the preference of our clients.

In our world-class infrastructure unit, we have installed latest machines and tools that help us in speeding up the production process. In addition to this, we have highly qualified team of research personnel, which timely upgrade the product range to bring out superior quality for the customers. Owing to our high quality standards and customized solutions, we have expanded the client base in a very short span of time. Besides this, our major clients comprise Boving Fouress Ltd., Rane Madras Ltd., NTTF Ltd., PRICOL, and many more. We offer our easy payment modes and terms that include cash, cheque, credit card, demand draft, D/A, D/P, L/C and T/T (Wire...
